

ST. XAVIER'S SR. SEC. SCHOOL, JAYNAGAR

SUMMER VACATION WORK 2019

Class – III (Three)

English

I Select any three articles from an English newspaper. Paste these articles in your grammar notebook. Identify and underline the nouns and pronouns. Make a list of these nouns and pronouns in a tabular form.

II This summer help your mother in grocery shopping and list five countable and uncountable nouns from the grocery she bought during the vacation.

Mathematics

Q1. Every week write any five 4- digit numbers in your Mathematics Test Notebook with their word forms and expanded forms.

For example:

Number : 4620

Word form : Four thousand six hundred twenty.

Expanded form: $4000 + 600 + 20 + 0$

Q2. Learn the multiplication tables from 12 to 15 by heart.

Science

- 1) Take 2 ice cubes in a bowl. Keep the bowl on a table. Note down the time by which they melt completely. Then take 2 more ice cubes and join them. Note the time taken by the ice cubes to join. Write the reason for it.
- 2) Take one cup of warm milk. Add half spoon of curd into it. Stir it. Cover it with a lid and wait for four hours. What will happen? Why?
- 3) Take ten small cubes of watermelon on a plate. Keep them on a plate. Keep them in the freezer and observe them. Enjoy them as delicious fruit ice cream. Does the sweetness of fruit change after freezing them?

English I: Learn the word meanings of lesson 7, 8 and 10. Learn the Poem in lesson 9.

English II: Read and try to complete the work given in lesson 5 and 8

GK: Read lessons 10 to 20

Other subjects:

Complete the work given in the diary
